SOM Week

SOM week is a really fun event for me. It celebrates students of the school of Management which is our class comes from. There are a lot of food concessions which is a change of pace on my daily lunch.

The events held are very fun even though I didn't participate in most of them and just became an audience. It was fun to watch the events made by some of our classmates and seniors in college. I became a contestant on one event called 'deMENTIa' where everyone uses their phones and answer questions posed in the stage. I lost in the first round and felt devastated as I started great but ended up not even touching the top 30. I am looking forward to that event next SOM week and try to win it. In terms of clothing, I somewhat feel embarrassed because I didn't get the memo of the color-coded shirt we need to wear during the first day and ended up wearing our regular uniform. Overall, this SOM week is fun and would like to look forward to the next one.
